

I am writing this email to provide you with my testimony that it is my belief that HB 6355 and HB 6491 will further infringe on my 1st and 2nd Amendment rights. I have been a firearm permit holder for over 46 years and I do not believe that this proposed legislation will, in any way, improve the crime rate. More gun legislation is not needed as I feel the laws that are currently in place can sufficiently deal with criminals IF those laws are enforced. Criminals need to be held accountable for the crimes they commit. Instead, they are released back into society and the law abiding citizens are the ones that suffer the consequences. HB 6355 and HB 6491 simply are not needed at all and will only serve to further encroach on a law abiding citizen's constitutional rights!! Therefore, I urge you to vote against the passage of HB 6355 and HB 6491. Thank you.
